ROOSEVELT SENDS HIS GOOD CHEER

Cordial Message by Letter to World Missionary Conference.

UNITY NECESSARY TO GET RESULTS

Sects Can Work Together Without Sacrifice of Their Doctrines.

Edinburgh, Scotland, June 16.—A letter from Theodore Roosevelt expressing sympathy with the movement and regret at his inability to be present was read at today's session of the world missionary conference. The communication, which was addressed to Silas McBee, an American delegate, aroused much enthusiasm.

The former president wrote:

"London, May 16, 1910. My Dear Sir: It is a matter of real and profound regret to me that I am imperatively called away to America, so that I am unable to be present in person at the world missionary conference. I regret it the more as if I had been able to be present it would have been as a delegate from the Dutch Reformed church of America, to which I belong.

"Nothing like your proposed conference has ever hitherto taken place. From many nations, and from many churches, your delegates gather on this great occasion, to initiate a movement which I not only hope, but believe will be fraught with far reaching good.

"For the first time in our centuries Christians of every name come together without renouncing their several convictions or sacrificing their several principles, to confer as to what common action may be taken in order to make their common Christianity not only known to, but a vital force among the two-thirds of the human race to whom as yet it is hardly even a name. Surely every man imbued, as every man should be, with the ethical teachings of Christianity, must rejoice in such an effort to combine the strength of all the churches in the endeavor to Christianize humanity and to Christianize it not merely in name, but in very fact.

Great Work to Be Done.

"Your conference represents the practical effort to apply the teachings of the gospel to what the Epistle of Jude calls the 'common salvation.' An infinite amount of work remains to be done before we can regard ourselves as being even within measurable distance of the desired goal; an infinite amount at home in the dark places which too often closely surround the brightest centers of light, and an infinite amount of good in those dark places of the earth where blackness is as yet unrelieved by any light.

"When such is the high purpose to which you have dedicated yourselves, it is eminently fitting that your invitation should have gone to all Christian churches in all lands. I am sure there will be a general and I hope a universal response. In missionary work above all other kinds of Christian work, it is imperative to remember that a divided Christiandom can only imperfectly bear witness to the essential unity of Christianity. I believe that without compromise of belief, without loss of the positive good contained in the recognition of diversities of gifts and differences of administration, the Christian churches may yet find a way to cordial co-operation and friendship as regards the great underlying essentials upon which, as a foundation, all Christian churches are built.

Unity Will Do Much.

This is one of the lessons which has been particularly impressed upon me by what I have seen of Christian work in Africa, both in heathen and Mohammedan lands. I believe that unity in a spirit of Christian brotherhood for such broad Christian work will tend, not to do away with differences of doctrine, but to prevent us from laying too much stress on these differences of doctrine. It is written in the scriptures that 'He that doeth my will shall know of the doctrine,' but the reverse of this proposition cannot be found in Holy Writ. Emphasis is to be put upon 'doing the will,' if only we can make up our minds to work together with earnest sincerity for the common good, we shall find that doctrinal differences in no way interfere with our doing this work.

"Wishing you all success I am,

"Very sincerely yours,

"THEODORE ROOSEVELT."

Commission Makes Report.

The commission on "The Preparation of Missionaries" presented its report at today's session of the International Missionary conference. The report was read by the chairman of the commission, Rev. W. Douglas Mackenzie, D. D., president of Hartford (Connecticut) Theological seminary.

Having determined the need of a body definitely commissioned to examine into and co-ordinate the possibilities for special missionary preparation, the commission proposed that steps should be taken by the World Missionary conference to create a permanent board of missionary study through the joint action of the several societies and boards.

The report in part follows:

"It is not possible to regard every desire to offer for service abroad as constituting in itself a call to work in the foreign field. In each church there are those on whom rests the solemn responsibility of deciding on the fitness of the applicant. In the strictest sense no vocation is complete until the moving of the spirit from within is confirmed and crowned from without through the operation of the same spirit. No one would claim infallibility for the decisions of candidates' committees, but definite functions are en-

LEGAL STEPS TO PREVENT FIGHT

Injunction Will be Asked for in San Francisco in the Morning.

STATE BEGINS WAR ON PUG BATTLES

Promoters Preparing to Go to Reno to Pull Off the Fight.

San Francisco, June 16.—Motion for a permanent injunction against the Jeffries-Johnson fight and an application for a temporary restraining order against the Kaufman-Langford contest to be filed in the superior court here tomorrow morning will be Attorney Webb's first legal shot in the war declared on prize fighting in this state by Governor Gillett.

When informed of the intention of the attorney general today Tex Rickard said that immediately on an adverse decision of the court he would remove the scene of the battleground to some other state. He added that following an unfavorable decision he would commence a civil action against the governor and the attorney general to recover damages for the expense he has already undergone to prepare for the fight here. Rickard consulted with Attorney W. H. Metson in regard to the proposed civil suit.

Will Ask Injunction.

Attorney General Webb said today that on account of the proximity in time of the Kaufman-Langford contest scheduled for next Saturday, he will ask for a temporary restraining order against that fight, as the court will hardly have time to hear arguments for a permanent injunction against it. As the big match does not occur until July 4, the attorney general does not see the necessity for similar action and the motion will be made for a permanent restraining order, which in the meantime will not prevent the promoters from continuing with their preparations for the match. It is hardly likely, however, that Rickard and Gleason will avail themselves of this privilege for they have ordered all work on the arena to cease.

Preparing to Move Fight.

That the various promoters are preparing to shift the big fight as well as other proposed contests to Nevada was made manifest this morning when it was learned that Billy McCarny had been dispatched to Reno with instructions to procure permits for holding two matches in that city. It was stated definitely by Joe Woodman, manager of Sam Langford, that one of the permits was for the Langford-Ketchel battle July 2 in the event of an adverse action by the California authorities. The second permit, Woodman stated, would be to hold the Jeffries-Johnson fight two days later.

Rickard, however, said today no steps had been taken by him toward transferring the scene of the fight.

Governor Full of Fight.

Governor Gillett upon arriving here today declared he did not care what opposition he encountered that he proposed to carry out a clearly defined law and stop the big fight. He was told that the hotel men and others of the city proposed to deluge him with protests against his action.

Told of Rickard's plan to sue him Gov Gillett said: "If Tex Rickard is looking for a fight with me he will get a bigger one than he has advertised for July 4."

Of the statement made by Mayor McCarthy, of San Francisco, in Chicago, last night which criticised the governor's intervention against the fight the state's executive finally said he probably would issue formal reply, later in the day.

KNOCKOUT BLOW TO GAME

San Francisco, June 16.—Gov. Gillett's message to Attorney General Webb, invoking the arm of the law to put a quietus on the Jeffries-Johnson and the Langford-Kaufman contests are generally regarded as a knockout blow to the fight game in California. The issue, however, is a matter for the courts to determine finally and unless Promoters Rickard and Gleason conclude voluntarily to abandon their plan of holding the "battle of the century" in this city, it may be several days or longer before a definite settlement of the chaotic question regarding the championship test is reached. Reno and Ely, Nev., and Salt Lake City are the alternative localities now under consideration. A vigorous struggle to defeat the governor's attempt to stop the big fight is in prospect, however. Mayor McCarthy will come to the rescue of the promoters, he announced in a statement issued from Chicago last night and the latest announcement from Promoter Gleason is that the attorneys representing him and Rickard have advised them to go ahead with their arrangements for holding the contest in San Francisco. "We will act on the advice of our lawyers," said Gleason early today. "We have not violated the law in any way nor do we intend to."

Attorney General Determined.

Attorney General Webb in a statement issued late last night pledges himself to stop the contest. He says:

"The letter of the governor is a positive and peremptory command addressed to this office to prevent the Jeffries-Johnson fight. The governor states that the facts, as presented to him, show that the fight if held will be a prize fight and that prize fights are prohibited by the laws of the state.

"This command the governor has the right and power to make. It is the duty of this office to comply with it. I shall take such action as the law warrants to prevent the fight. It is the right of the office of the governor to

POLICE THINK BOYS GOT WOODWORTH MACHINE

Youngsters Disappear at Same Time and Take Suit of Clothes.

In the opinion of the police Will Castell and William Perry, or rather two boys who have been known here by those names, took the Ben Woodworth automobile Monday night as both of them are gone and they answer the description of two young fellows who were seen driving it.

Of one thing the police are reasonably sure and that is one of them got a suit of clothes belonging to James Routh, of 112 West Main street, where Perry roomed. His companion had a room at Mrs. Fitzgerald's at Harrison and Washington streets.

Both came here together several weeks ago and secured employment at the Wayne hotel. They disappeared Monday about the same time the machine was stolen and they answer the descriptions of the two lads who abandoned the machine near St. Marys, O.

Mr. Woodworth was expected back today with the machine, which was considerably damaged by the rough usage to which it had been subjected and it was necessary to have it repaired before he could drive it back home.

HOME-COMING WEEK WILL BE HELD IN THE FALL

Commercial Club to Take Up Matter at Meeting Tonight.

Fort Wayne will have a "home-coming" week during the fall season, when thousands of former residents of this city will return for a few days to meet old friends and to participate in a long line of festivities which will be arranged for the occasion.

The matter will be taken up at the meeting of the Commercial club this evening, and in all probability President P. A. Randall will at once name committees and get preparations under way for the big event. The suggestion has already met with much favor, and former Fort Wayne people now living in Chicago are urging it strongly. They have told Mr. Randall that a crowd of one thousand former residents of this city who now live in Chicago will come to Fort Wayne in a special train for the home-coming event. It will bring people from every section of the country back to see Fort Wayne once more.

For the "Sane" Fourth.

Committees in charge of preparation for the "sane" celebration of July 4 were in session at the Commercial club last evening discussing various phases of the program to be provided, and it was decided to invite all the civic and military societies in the city to participate in the picnic program at Swinney park.

The committee at its meeting next Tuesday evening will definitely arrange its program for the celebration, one feature of which will be the presentation of a handsome flag to the city by the Woman's Christian Temperance union.

MORE PAY ASKED BY COUNTY SCHOOL HEADS

Superintendents Seek to Have Office Put on a Salary Basis.

Indianapolis, Ind., June 16.—The county superintendents at their state meeting at the state house today decided that they ought to be better paid, and they appointed a legislative committee to see the legislature about it next winter.

County superintendents do not receive a salary, but they receive $4.50 a day for the time they work. This they believe is not the proper method of paying them for their services and they will ask the legislature to place the office on a salary basis. It was decided to appoint a legislative committee of seven members, but only five were named at this time. This leaves two to be appointed at the meeting next December.

The five members of the committee are Lee Driver, Winchester; John F. Haines, Noblesville; Jesse C. Webb, Franklin; Richard Park, Sullivan; E. B. Sarber. Officers for the association for the coming year: President, E. B. Sarber, Warsaw; Ralph N. Tirey, Mitchell; treasurer, John R. Carr, Indianapolis.

GLIDDEN TOURISTS MOVE ON.

Nashville, Tenn., June 16.—At 9 o'clock this morning the Glidden tourists officially left Nashville, escorted by upwards of 300 cars in a parade to the city limits. The noon stop will be at Columbia, Tenn., and the night stop at Sheffield, Ala., 119 miles away.

SUMMONED HERE TO TALK TARIFF

Republican Manufacturers and Business Men Invited to Fort Wayne.

WILL GATHER AT ANTHONY TONIGHT

Quiet Little Conference is Arranged to Talk Over Political Outlook.

Prominent republican business men and manufacturers from every part of the Twelfth congressional district have been invited to gather in Fort Wayne this evening for a quiet little conference on the political outlook. The meeting will be held at the Anthony hotel, but there has been no blare of trumpets to announce the event.

Instead, the purpose is said to be merely to get together a crowd of representative republican business men of the district to talk over the political situation, and it is hoped to accomplish this mission without attracting undue attention. Invitations were extended to three or four of the prominent republican business men in each city of the Twelfth district—Columbia City, Kendallville, Auburn and other points.

Charles S. Bash, E. F. Yarnelle and F. J. Thieme are said to be among the Fort Wayne business men who are the moving spirits in the matter, and it is understood that the action is prompted by the manifest disappointment over the country at the Aldrich-Cannon tariff bill passed by the present congress. The opinions of Twelfth district business men identified with the republican party are wanted upon the measure at close range. It is insisted that the preponderance of local republican sentiment among the business men and manufacturers is of the "stand-pat" variety, but the leaders want to be certain of it. For this reason they have been invited to come to this city tonight for a heart-to-heart talk.

There is also a rumor that the conference has been called in the interest of Judge Heaton's candidacy for congress and that an attempt will be made to unify the republican business interests of the district in behalf of Judge Heaton in his race. The invited list is not a large one, but it is said to be a very representative one.

KAISER NOW HAS A SORE KNEE AND CANNOT RIDE

Has Just Recovered from an Abscess on Wrist—Engagements Off.

Potsdam, June 16.—Emperor William, who was recently inconvenienced by an abcess on the right wrist is now troubled with an abrasion on the inside of the right knee. It was produced by horseback riding and caused his majesty to abandon his purpose of witnessing today's military maneuvres at Doebrinz. He also has cancelled an engagement for tomorrow at Hanover, and he will not witness, as he had planned, the yacht race at Hamburg Saturday.

The emperor's household physician stated today that the general condition of his majesty was most satisfactory. The emperor's saddle horses have been trained to guidance through pressure from the riders knees. Recently his majesty has taken long rides, and the skin having been rubbed off in a spot on the side of the right knee a blister resulted.

STEAMER SINKS; NONE LOST.

Dawson, Y. T., June 16.—The White Pass steamer Casca, carrying 65 first-class, 50 second-class passengers, 160 sacks of mail and 15 tons of merchandise, struck a rock and sank in Thirty-Mile river, twelve miles south of Hootalinqua, yesterday. All passengers were safely removed. Soundings show nine feet of water in the engine room. The extent of the damage to the boat is not known.

VIOLATED INJUNCTION; JAIL.

Chicago, June 16.—The decision of the lower court sentencing John J. Brittain, George H. Lakey and Charles G. Grassell to thirty days in the county jail for violation of a labor injunction was affirmed by the appellate court here today. The defendants are members of the district council of Chicago of the United Brotherhood of Carpenters and Joiners.

ARMED CRANK HELD UP AT THE WHITE HOUSE DOOR

Man Arrested a Year Ago Heavily Armed Makes Another Call.

Washington, June 16.—A muscular man over six feet in height, with black hair and heavy black mustache, called at the executive offices of the white house today and asked to see the president. He was immediately recognized as the same man who visited the executive mansion June 17 of last year, and when arrested at the time had two big pistols in his possession. Taken in custody again today he was again found to be armed with a 44-caliber pistol. The man gave his name as James Stricklin and said he was from Cumberland, Md. When arrested a year ago Stricklin said he hailed from Arkansas. The man is being held for observation as to his sanity. He claims that various persons are persecuting him and he wants the president to put a stop to it.

SCHOPPMAN GIVES A BOND FOR HIS RELEASE

Says He Did Not Fire at His Tenant—The Court News.

Ferdinand Schoppman, who was arrested late yesterday afternoon on a warrant charging him with assault and battery with intent to kill, was released this morning after having remained in jail during the night. He gave bond for $1,000 to insure his appearance at the next term of the circuit court, which will open in September.

Following his arrest he stated that he did not shoot at Frederick Boehnker at all as he is charged with, but that he was trying to get a squirrel or two and his tennant took to his heels and didn't wait to see whether he was shooting at him or not.

Eckles Case on Trial.

The circuit court was engaged all day in hearing the evidence in the divorce suit of Edith Eckles against Homer Eckles in which the husband is putting up a fight.

Work is Started.

BANK IS GIVEN ITS OLD CHARTER NUMBER

First National Gets Its Real Age Rank as No. 11 Once More.

The First National bank of this city was today notified by the comptroller of the currency that its request for restoration to its original official number, 11, had been granted, and the Fort Wayne financial institution is thus given once more the official number which properly indicates its age.

When the First National was chartered in 1863 it was the eleventh national bank to be organized in the United States, and was given the number 11. It was at the same time the first national bank to be organized in Indiana. There was originally no provision for an extension of charter for the national banks, so that when its charter expired in 1882 it was necessary to reorganize under the old name. By this time hundreds of other national banks were in existence, and the reorganized bank was given the number 2,701 under which it has since operated.

Recently the federal authorities ruled that upon proper application banks that desired to do so might secure their old numbers, and as the No. 11 gives the First National a proud standing as to age among the national banks of the United States, the directors on June 7 took the necessary action to secure the restoration of the old number, under which the First National will now operate.

HOLDING A CONVENTION.

Nashville, Tenn., June 16.—The administration wing of the democratic party in this state met here at noon today in convention to nominate candidates for governor, United States senator, comptroller, treasurer, one railroad commissioner, supreme court and court of civil appeals judges.

MAY SAVE UNCLE JOE'S POSITION

Expected Fight on Rules in the House Has Been Averted.

INSURGENTS GET BIG CONCESSIONS

Contest That Threatened Speaker's Place is Settled.

Washington, June 16.—The projected fight on the rules which was expected to occur in the house next week may be averted by concessions on the part of the rules committee. After a lively session on which the advisability of reporting a rule based on that proposed by Minority Leader Clark was freely discussed, the committee adjourned to meet later in the day to decide the question.

After the adjournment of the rules committee a conference of republican leaders was held in which Speaker Cannon, majority floor leader Payne and Chairman Dalzell, of the committee, participated. It is said that Mr. Dalzell and other republican members of the committee are disposed to accept some sort of a rule to meet the conditions sought to be remedied.

Insurgents Confer.

Insurgent republican members of the house went into conference at 3:30 p. m. to discuss what their attitude would be on the situation affecting the rules.

Representative Sherley, (dem.), Kentucky, addressed the committee in support of his proposed rule designed to prevent "smothering" measures in committees.

"I am frank to say," said Mr. Sherley, "that unless this committee takes some action on this matter I shall act. I do not intend to allow the few remaining days of the session to slip by without anything being done."

The committee then went into executive session to consider the resolutions dealing with subjects which have been offered by Rrepresentatives Sherley, Clark, of Missouri; Fish, of New York, and others.

The house bill to increase the engineer corps of the army, which carries a provision which would permit the president to supersede with an army engineer director, F. H. Newell, of the reclamation service, was reported to the senate today from the committee on military affairs. A minority report will be filed by Senator Dixon.

Must Raise Big Sum for Show.

Both San Francisco and New Orleans must raise $7,500,000 before they can hope to receive government endorsement for their expositions in celebration of the completion of the Panama canal. The house committee on foreign affa s today decided not to invite foreign nations to participate until these conditions were complied with.

IN GRAVE TANGLE.

Washington, June 16.—President Taft, several senators and the republican members of the house ways and means committee wrestled today for more than an hour with the legislative tangle that has arisen in connection with the conservation bill just passed by the senate and which threatens to delay the adjournment of congress. The senate put on the bill as a rider a provision for the issue of $30,000,000 of certificates of indebtedness to cover the cost of completing irrigation projects already under way or planned in the west. A bill carrying new legislation involving a charge upon the treasury cannot go through the house without reference to committee and being placed on the union calendar.

Bills on the union calendar are not privileged and under ordinary circumstances the conservation bill carrying the $30,000,000 appropriation would not be reached this season. It was to devise some means of getting both the conservation bill and the irrigation appropriation through the house without bringing about a legislative snarl that the president summoned members of both houses of congress to the executive offices today. Later he called in Attorney General Wickersham. No definite conclusion was reached.

BLACK HAND FIENDS EXPLODE BOMB IN TENEMENT

Great Crowd of Tenants in New York Thrown Into a Panic.

New York, June 16.—The explosion of a dynamite bomb in the hallway of a Firs tavenue tenement today blew out doors and windows and wrecked the first floor interior. The 150 occupants of the building became panic-stricken when they found the stairway exit blocked by the explosion and fled to the fire escapes. Firemen had to remove them by ladders.

The explosion is believed to have been the work of blackhanders who for months have been writing threatening letters to Frank Fassett, a barber, who conducts a shop on the first floor. The bomb blew away a good part of the barber shop walls and caused other extensive damage to the place.

WILD ANIMALS ESCAPE CIRCUS

Fierce Beasts, Some of Them Man Eaters, Released by a Wreck.

TWO LIONS AND A LEOPARD ESCAPE

Circus Train Wrecked in Pennsylvania—Countryside Terrorized.

Ebensburg, Pa., June 16.—A fifteen-car circus train of the Frank A. Robbins shows was wrecked one mile from here early today on the Cambria & Cresson branch of the Pennsylvania railroad. Two lions, an elephant, one leopard, one hyena, one jaguar and an ibex are reported to be at large as a result of the derailment. Several circus employes were injured. The more seriously injured were removed to hospitals in Altoona. At the scene of the wreck a low bridge spans a deep gully. As the circus train passed over the bridge three of the wagons which contained the animals struck low hanging girders and were overturned. The cars carrying the wagon cages were derailed and were thrown over the embankment leading to the bridge.

Confusion and Terror.

In the darkness of the early morning the confusion following the derailment of the menagerie cars was terrifying. The howls of the wild animals which fled in every direction mingled with the cries of the injured men, pinned under the wreckage. At the time of the accident the train was making better than twenty miles an hour on a down grade. The engineer said he threw on his emergency brakes when he felt the first shock of the cars against the bridge girders. His act probably saved many lives. The entire country for miles around is in a state of terror. Many of the farmers and their families refuse to leave their homes and take up the search for the liberated menagerie beasts. Circus employes are beating the woods, hauling temporary cages with them in an effort to corrall the animals. A special train sent from here, with physicians and nurses, assisted in the care of the injured. Two of the circus employes may die.

TWO SAVE LAD FROM WATERY GRAVE IN RIVER

Byron Garver is Rescued as Stearm Was About to Engulf Him.

Byron Garver, 12 years of age, giving his address as 921 Holman street, narrowly escaped death by drowning in the St. Joe river a short distance north of the Columbia street bridge at noon today. He was dragged from the stream by Dr. E. A. Crull and Henry Halbinger just as he was sinking for the second time after an exhausting battle with the current, which was too strong for him.

Young Garver had gone swimming in the stream near its junction with the St. Mary's, while two young companions watched him from the shore. After a time the lad ventured into the deepest section of the pool at a point where the current is swift, and in a few minutes found himself exhausted and unable to escape from the current.

His companions gave the alarm, and Dr. Crull, who chanced to be driving his auto near the scene at the time, hurried with Mr. Halbinger, who is employed by A. C. Baker, to the aid of the drowning lad. The two men plunged into the stream and dragged the boy, then practically unconscious, from his peril, and a few moments' work by the physician served to restore the boy to consciousness. Young Garver was extremely weak, but was able in a short time to walk to his home.

The police patrol made a run in response to a message to the effect that the lad was drowning, but owing to some confusion in directions the wagon was sent to the eastern part of the city along the Maumee river instead of to the St. Joe.

LEGAL STEP TO PREVENT FIGHT

[Continued from Page One.]

command: it is the duty of this office to obey. His instructions will be followed to the letter.

"I am not at liberty to state just the character of proceedings that will be instituted but such action or actions as may be necessary to accomplish the ends desired by the governor will be brought.

"My final word in this matter is that I am going to carry out the governor's instructions. I am going to stop the fight."

If Not a Fight It's a Fake.

In a statement given out earlier in the evening, Mr. Webb indicated the construction he would place on the Jeffries-Johnson battle, which its proponents declare will not be a prize fight but merely a boxing contest and therefore not in conflict with the state laws. "The fact of the matter is," declared the attorney general, "that if this contest is one in which the contestants enter the ring with the avowed intention of knocking each other out, to use a fighting term, it is a prize fight and against the law. If they do not contemplate knocking each other out, I apprehend it is a fake and ought to be stopped."

Whether Tex Rickard will stand by Gleason in contesting the governor's order has not yet been stated. The latest word from Rickard is that he will await the attorney general's careful examination of the law. He has been promised a definite answer from that official in three days, he says, as to whether there is a possible chance of holding the fight here. "If we can't fight in San Francisco," he concluded, "then we will go to Reno or Ely, Nev., or to Salt Lake. Any of those cities will welcome us with open arms."

Richard Smiled Grimly.

When the disconcerting news was first brought to Rickard he smiled grimly and puffed hard at his cigar.

"It's pretty tough that we should have been allowed to go this far and then be crushed?" he lamented. "We will be losers by about $40,000 if the fight does not take place here. That sum has actually been spent by us up to date on the arena and for other things, and we are not counting upon our $20,000 forfeit to the fighters either. The work on the arena will continue until we are positively told to stop, but before I make up my mind to pull off the fight here, I must have positive assurance that there will be no interference of any sort."

Just what Mayor McCarthy intends to do to frustrate, as he announces, the governor's determination to stop the contest, is a mystery to all concerned.

Jeffries Can't Believe It.

Reports from Ben Lomond say that Jim Jeffries is still incredulous over the news that the governor has interfered. The big fellow apparently cannot bring himself to believe that the governor is sincere in his instructions to the attorney general. Jack Johnson likewise finds it difficult to credit the information. Both, however reluctantly declare that if they can't fight in California they will leave it to the promoters to pick the location for the contest, as is stipulated in the articles of agreement. Johnson made a naive suggestion as the way out of the dilemma. "All I want is to fight," he said. "If I break any of the laws of the state, I am willing to settle for it afterwards."

The negro champion did not seem to be much perturbed over the situation. "Of course I'll go right along with my training," he said. "I will be ready to go into the ring anywhere the promoters pitch it, and in order to fulfill my part of the agreement I'll be ready on the specified date."

Going Right Along.

Louis Blot, who is promoting the Kaufman-Langford contest, scheduled to be held here next Saturday declares he will carry out his plans for that event despite the governor's orders to the contrary. By switching the fight from San Francisco to some other point, the promoters assert they stand to lose a large sum. It is estimated that the gate receipts, if the fight is held here, will be in the neighborhood of half a million dollars. That sum would be very materially reduced if it is necessary to change the scene.

Governor Gillett in an interview given out at Sacramento last night denied that political considerations prompted his action in the fight matter. He declared also that his action was not influenced by the telegram to President Wheeler of the San Francisco chamber of commerce from Representative Bennett, of New York, saying that the fight would interfere with San Francisco's chances of securing congressional aid for the Panama-Pacific exposition.

The only reason he would advance was his declaration that the fight was not countenanced by the laws of the state and that he considered it his official duty to stop it.

JEFFRIES KEEPS UP WORK.

Ben Lomond, Cal., June 16.—Jim Jeffries will continue his training for the big fight whether it is to be held in San Francisco or elsewhere. That information was given out today by Jack Jeffries, brother of the retired champion. "Jim won't let up," he said, "unless he is told to do so by Rickard or Gleason."

Jeffries was expected to go through his regular road stunts today, also to don the gloves with Corbett and Choynski in the open air ring.

MOODY BILL READY TO GO THROUGH CONGRESS

Will Put Invalid Supreme Court Justice at Full Pay in Retirement.

Washington, June 16.—The retirement of Associate Justice Moody, of the United States supreme court on full pay practically was assured today by the action of both the senate and house committees on judiciary in favorably reporting bills yesterday by Senator Lodge and Representative Gillette, of Massachusetts.

In the senate, Chairman Clark asked for immediate consideration, but withdrew his motion temporarily at the suggestion of Senator Bacon in order that there might be a larger attendance to consider a measure of such importance.

It is planned to take up the bill in the house tomorrow and so far as can be learned there is no opposition to the passage of the measure in either branch.

When the Moody bill was taken up in the senate committee today there was considerable discussion of the propriety of a successor being appointed and of his taking a seat in advance of approval by the senate.

STATE GAINS MOST IMPORTANT POINT IN BRIBE CASE

Witnesses Whose Testimony is Vital Will be Heard in Browne Case.

Chicago, June 16.—Arguments as to the admissibility of the testimony of State Representatives Beckemeyer, Link and Meyer in the Lee O'Neil Browne trial, was resumed today, the jury being excluded. Mr. Forrest, for the defense, declared that it has come to the notice of the defense that Link and Beckemeyer will testify that Browne gave them money after they had voted for Lorimer for senator, but the payments were made without previous agreement. This, said Mr. Forrest, is no crime, as no corrupt intent is shown.

Legal authorities were cited at great length for and against the contention.

The testimony of Link and Beckemeyer is regarded as being highly important to the prosecution in confirming the confession of Representative Charles A. White.

At the afternoon session Judge McSurely ruled that the testimony of Link, Beckemeyer and Myers is admissible. Thus the most important legal point of the trial was decided in favor of the prosecution.

COUNTIES MAY PUT THE PRISONERS TO WORK

Secretary Butler Writes to S. M. Foster Concerning Men in Jail.

Indianapolis, Ind., June 16.—Amos W. Butler, secretary of the board of state charities, has received a letter from Samuel M. Foster, president of the Associated Charities of Fort Wayne, making inquiry as to what can be done with jail prisoners in Allen county to keep them from remaining idle while serving time in jail. Mr. Butler says he has also received similar letters from many other counties in the state, letters having come recently from South Bend, Evansville, Richmond and other places, all asking information regarding the same line.

"I have told all inquirers," said Mr. Butler, "that the county commissioners have authority under the law to remedy the condition. The commissioners may adopt a resolution directing the employment of prisoners on public work on roads, streets and alleys or they may build a workhouse for the county and set the prisoners to work there.

"Some counties have already provided themselves with workhouses.

"One county bought a barn, put bars on the windows and locks on the doors and now its jail prisoners are kept busy breaking stone for road work. It is gratifying to see the interest of the people aroused in this matter, for it undoubtedly means something will be done to remedy the present conditions."

EARTH SHOCKS ARE HARD AND ENDURE LONG PERIOD

Instruments at Washington Record Convulsions of Great Intensity.

Washington, June 16.—An earthquake of considerable intensity and duration occurred this morning at a distance of approximately four thousand miles from Washington, according to the seismographs at the Georgetown university. The shocks began at 1:48 a. m. and continued for two hours and twenty-three minutes, ceasing at 4:11 a. m.

The preliminary tremors were followed by two heavy shocks. The first of these lasted three minutes, beginning at 1:59 a. m. and the second, lasting the same time, followed it immediately. These two heavy shocks were the principal movements noted during the long record. After these there followed a series of lesser shocks and continuous tremoers until 4:11 a. m.

Observers at the university were unable to locate definitely the disturbance. The movements were mainly east to west.

It is considred probable that the location of the disturbance was in Italy.

SPAIN IS SHAKEN.

Madrid, June 16. — Earthquake shocks varying in variations from four to ten seconds were felt here this morning and simultaneously at Cordova and Almeria in Andalusia. No casualties are reported, but in Almeria some houses were damaged.

trusted to them, each within the limits of its own community.

Recommendations.

In order therefore to lessen the danger of eventual disappointment, the commission would urge the necessity for:

"(a) More careful statement on the part of official deputations in their appeals for offers of service.

"(b) A clearer apprehension on the part of both clergy and people of the requirements of the modern situation on the mission field.

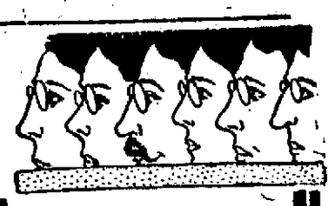

"(c) More frank and confidential contact between local workers and the candidates' committees and central officials.

"(d) Sympathetic effort at the time of rejection to soften the blow and prevent the dissipation of spiritual energy consequent on the disappointment of the hopes both of the individual and of the congregation."

ROUNDING UP THE CROOKS.

New York, June 16.—Pickpockets and all around crooks who may now be en route here from all parts of the United tSates with the hope of reaping a harvest from unsuspecting spectators of the Roosevelt reception on Saturday, may as well turn back.

Four hundred detectives from police headquarters will start out tonight and will pick up every known crook. Magistrates will be requested to hold the prisoners for forty-eight hours and should the time expire before the reception has ended a request will be made to extend the time for another period of forty-eight hours.

WELCOME WORDS TO WOMEN

Women who suffer with disorders peculiar to their sex should write to Dr. Pierce and receive free the advice of a physician of over 40 years' experience—a skilled and successful specialist in the diseases of women. Every letter of this sort has the most careful consideration and is regarded as sacredly confidential. Many sensitively modest women write fully to Dr. Pierce what they would shrink from telling to their local physician. The local physician is pretty sure to say that he cannot do anything without "an examination." Dr. Pierce holds that these distasteful examinations are generally needless, and that no woman, except in rare cases, should submit to them.

Dr. Pierce's treatment will cure you right in the privacy of your own home. His "Favorite Prescription" has cured hundreds of thousands, some of them the worst of cases.

It is the only medicine of its kind that is the product of a regularly graduated physician. The only one good enough that its makers dare to print its every ingredient on its outside wrapper. There's no secrecy. It will bear examination. No alcohol and no habit-forming drugs are found in it. Some unscrupulous medicine dealers may offer you a substitute. Don't take it. Don't trifle with your health. Write to World's Dispensary Medical Association, Dr. R. V. Pierce, President, Buffalo, N. Y.,—take the advice received and be well.

NEWS OF FORT WAYNE'S NEIGHBORS

WILL TAKE BRIDE TO GOLD FIELDS

Thomas Mossy Has Won Fortune There and Returns to Wed Old Sweetheart.

Bluffton, Ind., June 16.—Last evening at the parsonage of the First M. E. church occurred the marriage of Miss Ella Harnish and Mr. Thomas Jefferson Mossy, the ceremony being performed by Rev. W. W. Martin. The marriage came as a surprise to their many frends and was a quiet affair, attended only by a very few friends of the couple. The bride is the daughter of John Harnish. The groom is the son of the late John Mossy.

The wedding was the culmination of a friendship which began when the couple were schoolmates at Murray. Several years ago Mr. Mossy went to the far north to try his fortunes in Alaska during the first rush to the gold fields of that territory. He met with success in his pursuit for a livelihood and fortune in the frozen north, but he never forgot the sweetheart whom he had left behind in his old home, and he looked forward to the time when he could ask her to join him in the new home in the north. He returned here for a visit several weeks ago, the second visit in a period of eight years.

After a short visit with relatives here Mr. Mossy and his bride will start the latter part of this week for Seattle, Wash., where they plan to spend some time before continuing north to Alaska. Mr. Mossy is an electrician and has held a good position in charge of the electrical machinery of a big mining company.

EVERY DEMOCRAT ENTITLED TO VOTE

In the Mass Convention at Goshen Saturday to Nominate a County Ticket.

Goshen, Ind., June 16.—Several candidates for state office, among them Lew G. Ellingham, of Decatur, nominee for secretary of state, and J. Fred France, of Huntington, nominee for reporter of the supreme court, will be here Saturday to attend the democratic county convention, at which candidates for the various county offices will be nominated.

Mr. Ellingham is editor of the Democrat, published at Decatur, and has for a great many years been active in democratic politics. Mr. France is a former mayor of Huntington and has like Mr. Ellingham, been very conspicuous among democrats throughout the state for several years. In addition to Messrs. Ellingham and France a number of other democrats of prominence are expected to be in attendance.

From present indications all of the sixteen townships will send large delegations to the convention. Farmers will come in force and Elkhart and Goshen, as well as Nappanee, Wakarusa, Middlebury, Millersburg, Bristol and other towns over the county will contribute their share.

The convention will be a mass gathering and every democrat in attendance will be entitled to vote. Democrats of Elkhart county have never held a delegate convention.

RECEIVER ASKED FOR.

The Schaff Piano Co. at Huntington in Court.

Huntington, Ind., June 16.—George T. Link, former president of the Schaff Piano company, has filed suit in the circuit court asking for the appointment of a receiver for the company's property. He does not allege that the factory located in this city is not doing a big business, but on the theory of the charge of conspiracy among certain stockholders he has instituted the suit in an attempt to take the management of the concern out of the hands now controlling it.

The complaint alleges that several majority stockholders are padding expense accounts for the manager, and that the minority stockholders, of which the plaintiff is the chief one, are not taken into the affairs of business and that they are unable to get a true line on the way things are going. There are nineteen paragraphs in Mr. Link's complaint and in these is a recital of the difficulties which have existed between the plaintiff and the chief defendant a number of years. The plaintiff states that he fears under the present management the firm will become insolvent, as he believes the management is not the best for the interests of all who have money invested in the plant.

THE LIMA MURDER CASE.

Lima, O., June 16.—The attorneys for Antonio Vittorioso, who was convicted of second degree murder by the verdict of the jury Monday morning, filed a motion for new trial Wednesday afternoon. Five specific grounds are set forth in the motion.

Four of the reasons were that the verdict is not sustained by the evidence, is contrary to law, errors of law in the admission of testimony, and errors in the law of the case given in court's charge. The fifth reason was the misconduct of the prosecuting attorney in statements made about the defendant during the progress of the trial.

Prosecutor Welty endeavored to have the motion argued yesterday afternoon, but the attorneys for the defense were not prepared, but an effort will be made to have the matter disposed of as early as possible, in order that the prisoner may be taken away from the county jail, if the motion is overruled.

The commencement speaker was Dr. Frank Lenig of the M. E. church of this city, who spoke on "The Bible, the World's Greatest Educator."

Columbia City, Ind., June 16.—The judicial call for a convention by the republicans to nominate a prosecuting attorney for the Whitley-Noble circuit, has been issued for July 8, at 1:30 o'clock in Albion. One of the easiest things we have to do is to sell blue suits. So many men want them, so many men come here for them, and all that come find just what they want in a jiffy.

And no wonder. The makers who furnish us with our suits are of the class who are far-seeing. They knew over a year ago just what the men would wear today. So they made that kind of suits.

Something we are selling a lot of is white trousers. We sell most of them to owners of blue suits and those who are buying them.

Blue serge coats with white trousers make the swellest combination for hot weather wear ever yet struck upon. Get your outfit at the store that meets the styles.

STOPPING THE FIGHT.

Governor Gillett has ordered the attorney general of California to take such legal steps as may be necessary to prevent the Jeffries-Johnson prize fight on the Fourth of July. The attorney general announces that he will fulfill all expectations in the performance of his duty. California has a law that prohibits prize fights and another statute under which "boxing matches" are legal. To argue that the meeting between Jeffries and Johnson is for the purpose of affording an exhibition of mere "boxing" is grotesque. Everybody who knows anything about it at all knows what is going to take place when these giant bruisers meet each other inside the ropes. There will be a fight—more or less "scientific" beyond question—a desperate straining on each side to inflict upon the other such bodily harm as shall disable him from continuing a defense. As the attorney general puts it, if they go into the ring with a purpose of scoring a knock-out it will be a prize fight, and if they do not purpose a knockout it will be a fake, in which event it ought to be prevented.

That there will be a spirited contest between the government of San Francisco and the government of the state is forecasted by the very determined attitude of the governor and the hysteria of Mayor McCarthy, of the fight city. McCarthy asserts that San Francisco can govern herself and means to do so without help or direction from the governor. San Francisco wants the fight. It means money and it means excitement. The moral aspects of the matter do not concern the people of the Pacific metropolis a bit. A community which deliberately and earnestly deprecates the exposure and prosecution of boodling, bribery and graft on the ground that it is "bad for business," may very well be expected to uphold prize fighting or any other form of brutal and vicious sport on the ground that it is good for business. San Francisco will "pull off" the fight between the two big plug uglies if there is any means by which the hostility of the governor can be circumvented.

That the widespread moral protest against permitting this fight to take place has finally impressed Governor Gillett is clear. Outside San Francisco the vast bulk of the Californians do not want the lawless event to take place in their state and have made protest accordingly. Some time since the governor said he did not see how he could prevent the battle by any legal means. Evidently he has been impelled to search for expedients and not without success.

A safe and sane observance of the Fourth of July on the Fourth of July has nothing to do with the premature sale and use of prepared explosives. There has not yet been much of it and that little is rather more premonitory symptom than an outbreak, but it will be well for the police to apply the remedy.

The dear public that furnishes all the profits for the men who make the money in Wall street will, or at least ought to be interested in the raiding of the offices and the arrest of the officers of the United Wireless Telegraph company in New York. With the profits of the concern faded away to the vanishing point and the business moving at a net loss, the securities of the company were boosted to a fictitious value and the officers had unloaded their stock at enormous profits, if the allegations of the police authorities are well founded. Millions of profits are sid to have been made by the promoters and managers of the enterprise, which appears to have been the gold brick and green goods games merged and worked on a magnificent scale.

Coming back from Elba in this case isn't going to be the introduction to Waterloo nor the first leg of a journey to St. Helena. In the first place it is not by any sane person believed he wants to do more than take a worthy citizen's hand in what's going on and to have a rational man's voice in affairs—mayhap a little stronger hand and a somewhat louder voice than the common—but with no wish nor purpose to recapture an old party or form a new one. Theodore Roosevelt is not coming home to breed distraction in the country or fear in Washington.

Don't know whether the governor of California carries his punch in his right hand or his left, but it's a very likely wallop sure enough.

Seismographs all over the country are being violently disturbed. It's a fact that he's getting pretty close.

JUDGE HEATON DRAFTED.

Agrees to Accept Republican Congressional Nomination.

Yielding at last to urgent appeals from Senator Beveridge and the local republican leaders, Judge Owen N. Heaton, of this city, has consented to accept the republican nomination for congress in this district. He will be nominated by acclamation at the convention in Kendallville, June 25, to make the race against Representative Cline.

Judge Heaton has insisted from the outset that he was not a candidate for the honor, but the republican leaders declined to accept this decision as final. Announcement was made Wednesday that the Fort Wayne man had agreed to make the race. Others mentioned for the nomination were C. C. Gilhams, of Lagrange, and Judge E. A. Bratton and Orville Carver, of Angola.

GOV. GILLETT'S ORDER TO STOP BIG FIGHT

Gov. Gillett's letter to Attorney General Webb is in full as follows:

"State of California, Executive Office, Sacramento, June 14, 1910.

"Hon. U. S. Webb, Attorney General, San Francisco—Dear Sir:

"I desire to call your attention to a so-called prize fight to take place on the Fourth of July next in the city of San Francisco between Jim Jeffries and Jack Johnson.

"Many complaints are made at this office by prominent citizens of this city protesting against this so-called fight and requesting that some action be taken by the proper authorities to stop the same.

"The district attorney of San Francisco has informed me that he does not purpose to interfere in the matter.

"The first session of the legislature held in this state in the year 1850 enacted a law making it a felony for two persons to fight each other upon a previous agreement upon a wager for money or any other reward. This law has been amended from time to time, but never so as to make prize fighting lawful.

"In 1903 the legislature again amended the law relating to prize fighting. While the law, as amended, permitted 'sparring exhibitions' for a limited number of rounds with gloves, to be held by a domestic incorporated club, it did not remove the ban which the laws of this state always have placed upon prize fights, and while a 'sparring exhibition' under certain conditions and restrictions is permissible under this act, a prize fight still remains a felony.

"Therefore, the question arises, what is a prize fight and what is a 'sparring exhibition?'

"The former is a crime, the latter is lawful. It is claimed by many that the contest soon to take place between Jeffries and Johnson is to be a prize fight, as that term is understood in the law, and therefore a crime under our statutes.

"If this is true, it should be prevented; but if carried out, the interested parties should be punished as provided by law.

* * *

"I believe that you should investigate the matter and take such legal steps as may be proper in your judgment, if warranted by the facts, in presenting the case to the court for its decision, and should ask to have all interested parties enjoined pending the hearing.

"Our supreme court never has defined a prize fight and I believe an opportunity should be given it so to do. Since the amendment of the law permitting 'sparring exhibitions,' prize fighting under the guise of sparring has greatly increased and has been tolerated in California, until today our state is a mecca for prize fighters, much to our discredit.

"Our people have the right to demand that prize fighting shall cease in this state, and it will if our present laws are enforced, especially if our courts follow the decisions of the supreme courts of our sister states in defining a prize fight.

* * *

"In Michigan a prize fight exists when there is 'an expectation of reward to be gained by the contest or competition, either to be won from the contestant or to be otherwise rewarded, coupled with an intent to inflict upon such contestant some degree of bodily harm.'

"In Kansas the supreme court has held that 'the contest must be a fight and that there must be an intent on the part of the coinestants to do violence to and inflict some degree of bodil harm on each other,' and the fight must be for some prize or rward. Other states have made similar rulings.

"To show that the so-called 'sparring exhibitions' held in this state under the auspices of incorporated athletic clubs have not been 'sparring exhibitions,' but prize fights, I need only refer you to the files of our daily papers. I will call your attention to two or three of the recent ones. First, the Moran-McCarthy fight.

* * *

"The Oakland Tribune in its issue of April 30, in reporting it, uses this language:

"'After the sixteenth round had gone some fifty seconds, Moran landed a blow on McCarthy's jaw. It did not look to be a heavy punch, but the young fighter went over backwards, his head seemingly dropping below, as if his neck had been injured, and as he struck the floor the sound of the impact could be heard throughout the pavilion.'

"'McCarthy died.'

"Next the Wolgast-Nelson fight took place on Washington's birthday, (it seems that prize fighters always want to fight on Washington's birthday, Decoration day and Independence day,) and was reported in all the daily papers of the state by rounds. I quote from the San Francisco Chronicle of Feb. 23:

"'Round 13—Nelson's lips were puffed and his eyes and cheeks were swollen. They mixed it like tigers, Wolgast having all the better of it, landing repeatedly on the body and jaw with Nelson fighting wildly and spitting blood. Wolgast literally cut the Battler's face to ribbons, but still the Dane came in for more.

* * *

"'Round 39—Wolgast appeared loath to put in the finishing punch. He jabbed incessantly at the Battler's anatomy and again the blood flowed in a stream. Wolgast almost sent Nelson to the floor, landing blow after blow on the defenseless champion's face.'

"In the same issue of the Chronicle is a report of the fight between Conley and Attel, which took place near Los Angeles on Feb. 22. I quote from it:

"'After wearing his opponent down until he practically had no strength left with which to make adequate defense, much less to put up an offensive style of battle, Frankie Conley rushed in and gave Monte Attel such a terrific drubbing in the forty-second round of their scheduled forty-five round fight at Vernon this afternoon that the San Francisco boy was unable to arise when knocked to the floor with a full right swing that caught him on the back of his head. Attel was lying unconscious upon his back, sprawled at full length, and did not move when his seconds lifted him into their arms and carried him to his corner.'

* * *

"If these contests were not prize fights, then the historic battle between Heenan and Sayers was not one. I have no doubt that the coming contest between Jeffries and Johnson will be a repetition of the brutality mentioned in the foregoing fights, only on a larger scale.

"If 'sparring exhibitions,' as permitted by our laws, make fights where men are killed, beaten into insensibility and their faces 'cut into ribbons' lawful acts, then it is time that the legislature should interfere and make such exhibitions a felony. Such contests are prize fights, not permitted by the law, and should be punished as such. Those who engage in them are prize fighters and make their living by fighting each other for prizes or rewards.

"The whole business is demoralizing to the youth of our state; corrupts public morals; is offensive to the senses of a great majority of our citizens and should be abated, as a public nuisance, and the offenders punished.

* * *

"If the court, upon your petition, refuses to grant the relief prayed for therein and permits the parties interested to proceed as advertised by them, then I desire you, on behalf of the people of the state, to gather all evidence possible, and if the contest is carried out as advertised and the parties fight for a purse or for a reward and inflict upon each other bodily injury, then you are to cause the arrest of the principals and those interested with them in promoting the fight and try them on a felony charge for violating section 412 of the penal code.

Yours truly,
"J. N. GILLETT."

LIFE-SAVERS OF TODAY.

Three Principal Ones are Firemen, Surgeons and Ministers.

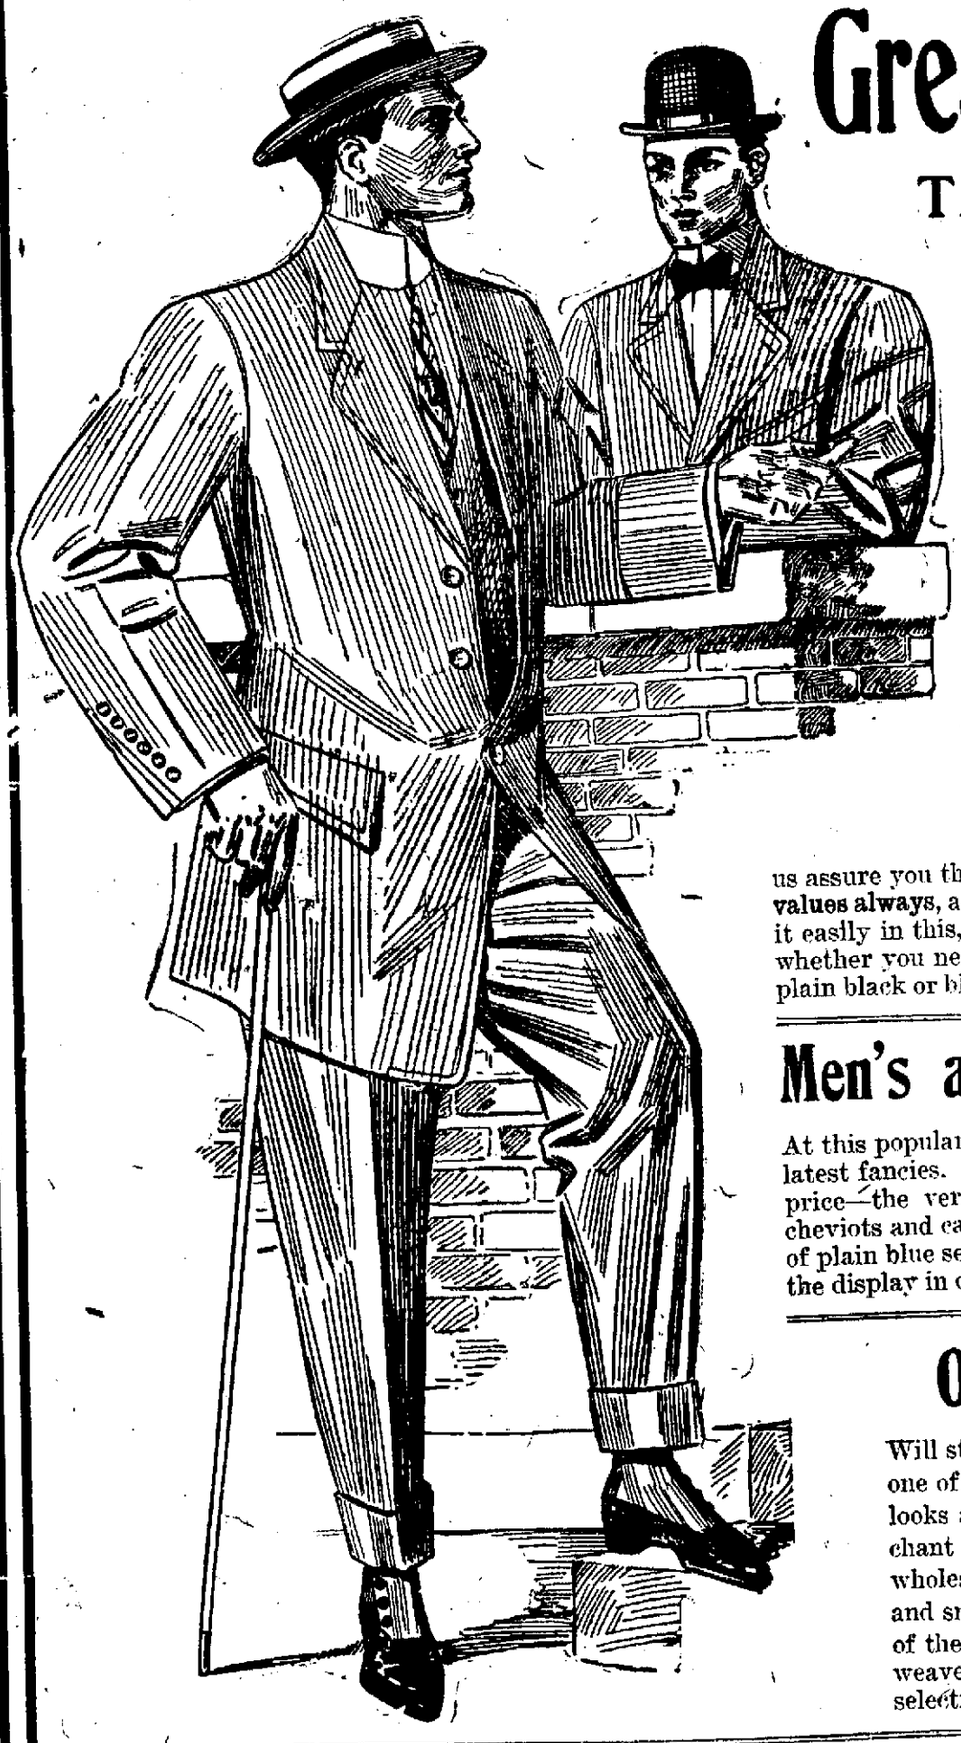

At the meetings of the district convention of the Young People's Association societies of the Evangelical denominations held at Decatur this week Fort Wayne delegates are taking part and yesterday one of them, Miss M. D. Schondelmayer, a deaconess, delivered an address on "The Joy of True Service." The Decatur Democrat in reporting her address said:

"She stated that royal service leads to kingship, but that the only true service was that of Christian service, and said that a task performed for the good of man and glory of God is the only true Christian service. She related numerous instances of life among the lowly in the city of Chicago that came under her own observation, while visiting the slums of that city. She stated that the three principal life-savers today were firemen, surgeons and ministers. To become successful each must be fully equipped for his respective work. A true servant of God must know his bible, which becomes the sword of the Christian, with which to fight the battles of life, lips, service, money and prayer, giving the greatest value to prayer, and stated that God always wants the best workers.

Society

The largest reception of the season so far, was held by Mrs. William H. Crighton and Mrs. Elwin M. Hulse, this afternoon, at the home of Mrs. Crighton, 1311 Washington boulevard west, from 3 to 6 o'clock. It was a beautiful affair with flowers in artistic arrangement all over the house and wide porch and the prevailing colors of pink and white showing in the delicious cakes and ices served in the dining-room. A tea punch served in the den proved a tempting and satisfying refreshment. Receiving with the two hostesses were Mrs. Theodore Ruhland, who is soon to leave the city to live elsewhere and Mrs. Frank Sessions, of Cleveland. In the receiving room to greet the callers were Mrs. D. L. Harding and Mrs. Robert Harding, and a number of ladies asked to busy themselves generally were Mrs. Frank B. Taylor, Mrs. Harold Stark, Mrs. L. Park Drayer and the members who form the Neighborly and O. C. C. Sewing clubs. In the diningroom were Mrs. E. Ralph Yarnelle, Mrs. Fred S. Hunting, Mrs. Frank Bond and Mrs. W. A. Evans. The color scheme of the decorations was pink. In the living room the fireplace was banked with foliage which reached to the mantel above and seemed to end in a basket of peonies of American beauty red. There were other baskets of peonies in that room and in the reception room, rose pink peonies continued the color, ending on the porch in jardinieres of white field daisies. The den was also in white and the dining-room table blossomed in pale pink snapdragon blossoms with pink hooded candles for further ornament. All chandeliers were done in wegelia and syringa blossoms. Invitations were extended to over three hundred ladies and the attendance was large during the entire time.

* * *

Mrs. J. W. Burroughs, who has recently moved to this city from Duluth, Minn., and who lives in West Suttenfield street, was the honor guest at a bridge party given yesterday afternoon by Mrs. Joseph Gaskins. The house was prettily decorated with wall pockets of red carnations and plumosus and brown baskets that held clusters of carnations or white daisies stood about the room and decorated the diningroom table. After the game the hostess was assisted in serving delicious refreshments by Mrs. W. S. McLeod, Miss Ellen Doyle and Miss Eva Smith.

* * *

Mrs. John Hanna, of Woodland avenue, entertained at five-hundred this afternoon the members of the Fortnightly Five-Hundred club and a few other near friends in honor of Mrs. Ray Whittern, of Denver, Col., who is visiting at her former home here. The rooms were prettily decorated with garden flowers.

Miss Lura Fee was the honor guest today at the annual luncheon given at noon by the teachers of the Hamilton building. Miss Fee is one of the corps of instructors in that school and while she knew of the luncheon she was not aware of the unusual decorations and plans made for her. The table was laid in the office of Miss Fairfield, principal of the building, and both the room and the table were decorated with many flowers. Syringa blossoms and pink and white carnations and ferns were used in abundance and the table was lovely. Above it hung a Japanese umbrella which was filled with souvenirs from the young women for Miss Fee, who had to pull a pink ribbon and overturn the contents on herself. Miss Fee also found it easy to find her own seat at the table as her chair was draped in tulle and trimmed with syringa blossoms and her plate had a wreath of flowers around it. A handsomely frosted cake proclaimed itself and Miss Fee had the honor of cutting it after she had removed the dainty bride and groom dolls that stood on its top. At each plate lay a place card with pen and ink drawings of original design, done by Don Jones. The designs were exceedingly clever and the toasts given at the close of the luncheon were bright and witty. Miss Fairfield presided as toastmistress and each of the company, numbering twelve in all, had a part in the program. Miss Minnie Arnold and Miss Carrie Snively were guests at the luncheon. Altogether it was as sweet and merry a prenuptial party as any young woman has enjoyed this season, and Miss Fee was not permitted to have even a moment's sadness at the thought of severing her connection with the school.

The bride's sister, Miss Carrie Opliger, Mr. Elmer Cook and Mr. George A. Bunner were the only persons present. The bride was gowned in a beautiful dress of blue lansdown, made with white lace. She wore a white hat trimmed with taffeta bows and white wings. The bride is a daughter of Mr. and Mrs. Edward Opliger and the groom is a son of Mr. and Mrs. Albert Arnold, both residents of Allen county. The bridal party gave their friends a surprise as they were driven to the parsonage in a closed automobile.

Shaw—Tagtmeyer.

A pretty wedding was solemnized this afternoon at 4 o'clock when Miss Lillian Anna Tagtmeyer, daughter of Mrs. Lottie Tagtmeyer, of 3010 South Calhoun street, was married to Mr. Benjamin B. Shaw, son of Mr. and Mrs. Charles Shaw, of 655 West Third street. The wedding took place in Trinity English Lutheran church and the officiating clergyman was Rev. Dr. S. Wagenhals, pastor of the church. Mr. Herman Bandtel and Mr. George Welker acted as ushers at the wedding and led the bridal party. The bride and groom entered the church together and were preceded by Miss Anna Shaw, the bridegroom's sister, and Mr. Fred Tagtmeyer, a brother of the bride. The bride looked very sweet and pretty in her beautiful wedding gown of embroidered swiss, hung over taffeta and trimmed with Val. laces. A girdle of satin furnished a touch of elegance to the dress. The bride wore a wreath of white rosebuds in her hair and held a bouquet of bride roses, tied with white satin ribbons. Miss Shaw was gowned in pink satin messaline, made in a becoming style and her flowers were a bouquet of pink roses. The organist of the church played the bridal music from "Lohengrin," the Mendelssohn wedding march and other numbers during the service. After the ceremony the bridal party were driven to the bridegroom's home, where the wedding collation was served. Only family relatives were present. Mrs. Frank Benedict, of St. Paul, Minn., was the only guest from out of town. At the house the decorations were similar to those of the church, pink peonies, palms and ferns in the rooms, and pink roses and ferns on the table. The bride and groom have deferred their wedding trip until later in the summer and have gone to housekeeping in Huffman street, where they will be at home after June 27. Mr. Shaw is a machinist for the Fort Wayne Engineering company.

Frisby—Helmer.

Miss Stella Louise Helmer, daughter of Mrs. Fannie Helmer, of this city, and Mr. Roger Lovell Frisby, a son of Mr. and Mrs. Frank Frisby, of Grace avenue, were married at 8 o'clock Wednesday evening by Rev. J. F. Vichert, of the First Baptist church. The wedding took place at the home of Mr. and Mrs. George A. Miller, of 231 East Williams street, who are cousins of the bride. The guests were relatives and a few intimate friends of the bride. Mrs. Fred Bertelmann played the wedding music from "Lohengrin" as the bride, preceded by her only attendant, Miss Lucile Price, entered the parlor, where the clergyman and the bridegroom awaited her. Miss Lucile was dressed in a pink and white fluffy dress and she held a single white rose, in which the wedding ring lay. Bows and ends of tulle ribbon were tied to the rose and the flower formed an exceptionally pretty bit of decoration to the wedding party. The bride looked very sweet and attractive in her wedding gown, which was also the one she wore for traveling to Chicago, her future home. Pongee silk was the material selected for a three-piece suit and the bodice was made with trimmings of lace and a touch of rose color about the neck. The bride's flowers were a corsage bouquet of bride roses and forget-me-nots. Gloves and shoes to match the costume were worn for the wedding and changed to those for street wear for traveling. After congratulations had been extended and just before the wedding supper was served Miss Mabel Carter sang a group of songs, "I Know a Lovely Garden," "Love's Coronation" and "Recompense." Assisting during the supper were several friends of the bride, Misses Hazel Miller, Irma Butts, Emma Scheumann, Corina Banning and Lena Terry, all dressed in white. Assisting in receiving the guests before the hour of the ceremony were the bride's mother, Mrs. Helmer, who wore a dark blue messaline with trimmings of green, and Mrs. Miller, who was gowned in white embroidered batiste. Miss Hazel Miller wore a yellow chiffon cloth made over taffeta. Later in the evening, when the bride left for Chicago, she wore a coat of the silk with hat of corn-color straw trimmed with foliage and pink rose buds. The house was beautifully decorated with palms, ferns and flowers. The wild Indian head, daisies, smilax and ferns formed a background in the parlor where the marriage service was read and in the dining room where the bridal party sat there were decorations over the table, and in the center stood a basket of bride roses, snapdragon and pale pink carnations. The lights were softly shaded and beautiful taste characterized all the appointments. Late in the evening the bride and groom left in a shower of rice and other wedding emblems of good luck for Chicago, where they will go to housekeeping at 6040 South Park avenue. The bride leaves many friends here. She taught for several years in the South Wayne school, where she endeared herself to children and teachers. Mr. Frisby is a Fort Wayne young man, but has lived in Chicago for several years, first as a student at Lewis institute, from which he was graduated in electrical engineering, and since in business with the Commonwealth Edison company.

LINGERIE AND LACE FROCK.

WORN BY MISS FLORENCE SLACK OF THE FOLLIES OF 1910, 20

In midsummer the lingerie frock is always permissible, and some of these costumes are rich enough to wear to formal receptions. For instance, the little marquise lingerie costume shown here is particularly dainty in style and is a charming example of sheer batiste combined with two kinds of lace and tucking.

The long front panel gives height to the figure and the skirt fitted by pin tucks over the hips is particularly graceful.

The frock is accompanied by a white hat and white parasol.

FEED CHILDREN

On Properly Selected Food. It Pays Big Dividends.

If parents will give just a little intelligent thought to the feeding of their children the difference in the health of the little folks will pay many times over, for the small trouble.

A mother writes saying: "Our children are all so much better and stronger than they ever were before we made a change in the character of the food. We have quit using potatoes three times a day with coffee and so much meat.

"Now we give the little folks some fruit, either fresh, stewed or canned, some Grape-Nuts with cream, occasionally some soft boiled eggs and some Postum for breakfast and supper. Then for dinner they have some meat and vegetables.

"It would be hard to realize the change in the children, they have grown so sturdy and strong, and we attribute this change to the food elements that, I understand, exist in Grape-Nuts and Postum.

"A short time ago my baby was teething and had a great deal of stomach and bowel trouble. Nothing seemed to agree with him until I tried Grape-Nuts softened and mixed with rich milk and he improved rapidly and got sturdy and well."

PREPARING TO BOOM TOURNAMENT

Electric Company Advertising Firemen's Meeting in Good Shape.

SENDING AGENTS IN ALL DIRECTIONS

Pennsylvania . Announces BaseBall Excursion to South eBnd.

The members ofthe Volunteer Firemen's company at the Fort Wayne Electric works, who will be the hosts of the twenty-five fire companies that compose the Northeastern Indiana Volunteer Firemen's association at the tournament in this city Thursday, June 30, are doing all within their power to make the event a success and a credit to themselves and the city of Fort Wayne. Tomorrow they will send out men to "boost" the tournament and get the surrounding towns and cities more deeply interested to the end that they will send big crowds here on that occasion. G. F. Rogge will go down the G. R. & I. putting display cards in the stores at Decatur, Geneva, Portland, Berne and Winchester and otherwise advertising the tournament. Fred G. Duryea will make a similar trip down the L. E. & W., putting advertising matter in Bluffton, Montpelier, Hartford City, Eaton, Muncie and New Castle; William Brandt will perform a similar work at Kendallville, Garrett, Auburn, Angola and Waterloo on the G. R. & I. and the Lake Shore roads, and W. F. Melching will go to Huntington, Wabash, Peru and other towns and cities on the Wabash road. The tournament has already received favorable mention from the papers at all of the towns hereabouts and all that is now necessary to get the residents to come here in great numbers to witness the various contests and participate in the festivities is to keep the matter before them constantly up to the day of the convention. This is the object of the "boosting" trips of the men from the Fort Wayne Electric works.

HORSE RUNS INTO TRAIN.

Was Frightened by a Passing Automobile.

A valuable horse belonging to A. J. Lanternier, the florist out on Walton avenue, was severely cut and bruised yesterday afternoon when he took fright at an automobile and ran away. The animal dashed through the safety gates at the Wabash railway crossing and into the side of a moving freight train. It struck between two cars and the only thing that saved it from being ground beneath the wheels was the prompt action of the engineer who witnessed the runaway and promptly stopped the train. The driver, John Boakley, of Coombs street, jumped from the wagon when he found he could not control the animal and sustained a few minor bruises. It is believed the horse will recover without being permanently injured. Mr. Lanternier recently purchased the animal at a cost of $250.

WILL PUSH WORK.

Wabash Getting Ready to Make Track Elevation Hum.

This morning the big plow used in unloading dirt from cars arrived here from Logansport and will be gotten ready to go into operation tomorrow in unloading dirt for track elevation purposes in the Wabash yards. Up to the present the few car loads of dirt brought in daily were unloaded by men with shovels, but the improvements at Logansport have been completed so far as the work trains are concerned and the entire force of eighty cars and the steam unloading shovel are now ready for track elevation work. There was little done in that way today because the tracks at the gravel pit had to be shifted, but commencing tomorrow dirt will be delivered here at the rate of 150 to 200 car loads per day.

SOUTH BEND EXCURSION.

Pennsylvania Will Take 1,200 People There June 26.

At the request of the hundreds of base ball "fans" the Pennsylvania company has agreed to run an excursion from Fort Wayne to South Bend Sunday June 26, when the Fort Wayne ball club will play the Benders. There will be two trains, the first leaving the city at 9 o'clock and the second fifteen minutes later and arriving at South Bend at 11:10 and 11:25 respectively. Returning the trains will leave South Bend at 7 and 7:15 p. m. respectively. Last Sunday the Pennsylvania ran an excursion from South Bend to this city and brought in 1,368 excursionists, nearly all of whom were residents of South Bend. It is believed that fully as great a number will take in the excursion from this city to South Bend June 26.

For the first time in the history of its association the Central Passenger association will hold the July meeting outside of Chicago. Plans are now under way for holding the meeting at Mackinac Wednesday, July 13. SUES PULLMAN COMPANY.

The Queen and Crescent road has brought suit against the Pullman company to recover $13,448, with interest from September, 1909, the amount of a judgment against the Queen and Crescent in a suit for damages brought by Joel H. Ward, who lost both legs as the result of a defective brake staff. The car on which the defective brake staff was placed was built by the Pullman company and sold to the railroad company in May, 1906. Last October Ward was given a judgment for $19,600, but the case was later compromised by the company paying the plaintiff $12,750 and the court costs of $608.

WILL PROMOTE SOME FIREMEN.

The Wabash is making arrangements for promoting a number of its firemen on the Peru division, owing to the heavy business that is being experienced. J. H. Bridges, George Shafer, Charles Dice and H. J. Wagner, who have been firing passenger for several years, are soon to be running locomotives. They were formally promoted about three years ago, but on account of a lull in business that followed, their services as engineers were not needed. John Garrett, John L. Dawson, Bert Fritz and E. J. Gephart are other firemen who are available as engineers, having received their advancement at the same time as the other gentlemen.

HAS RECEIVED SEVEN ENGINES.

(Peru Chronicle.)

The Wabash this week received two additional locomotives on the Peru division, of the consignment of seventeen freighters that were purchased some time ago from the Detroit, Toledo & Ironton road. About seven have already been received and are being used on the Peru division. The latest two received are now stationed at the Fort Wayne shops to be connected up for service. Some of the engines will be distributed on the Decatur and Moberly divisions. The Wabash has a large amount of freight traffic and the newly-acquired motive power comes in very handy.

OLD SHOPMAN HURT.

The right side of his forehead and the right cheek were badly bruised and skinned. Mr. Crawford has been sick more or less of the time for the past year and has been unable to work a good portion of the time.

The Nickel Plate has acquired the property at the southeast corner of the railway and Clinton street, known as the Edsall property. It is occupied by a dwelling house and a livery barn. It is understood that the company wants the grounds for improvements. The Nickel Plate has owned the City Mills property, west of Clinton street, for several years.

R. is building a nice station there that will be equipped with all modern railway devices. There will be telephone connection with six nearby points. The Reduction Sale of Sample Furniture is a Great Event

Home replenishers should know how helpful and varied are the furniture opportunities now available at price shortages of 25 to 50 per cent. And these prices are for splendidly built, wanted furniture—sample pieces and oddments, no two alike, in most cases, that we want to clear out to make room on Third Floor. Pfeffer Chases the Big Hoodoo in Pitching Duel

Strikes Out the First Man Up and Wins With That Handicap Added to His Bad Luck.

That big hoodoo which has been hanging over Edward "Big Jeff" Pfeffer all season got a body blow in an hour and thirty-five minutes of national pastiming at Claude Varnell's ball lot when the near-blonde heaver struck out the first man up and with that additional handicap he almost slipped over a no-hit matinee on the aged gentleman in Joe Raidy's ball troupe.

To most pitchers meeting a cross-eyed woman on the way to the park or crossing the bats in front of the players' bench carries nothing like the bad luck that generally follows breezing the first aspiring batsman in a championship contest. Most any baseball athlete with his mental machinery in proper working order had about as soon put the wrong foot out of bed first in the morning as to fracture this pet superstition of the game, but this young Champaign, Ill., person got by with it in the second fray with Grand Rapids and luck broke for him all the way. Fort Wayne had the best end of a three-to-nothing count at the call for curtains.

Then there was one "Doc" Cook who dealt out a brand of pitching that would have won most any ordinary combat. This eminent north pole expert was hit only five times and if his pals had not stood respectfully by and watched Mr. Kihm drop an easy pop fly in the third inning he might have carried his battle into extra innings.

It is also perfectly proper to remark in this connection that the same Dr. Cook punctured Pfeffer's no-hit record in the sixth when he poled one to the left field fence and enjoyed the distinction of being the only person carrying the Annis colors who reached second in safety. Pfeffer had everything along with brilliant support and only five balls were hit to the outfield, one of which was Cook's double. Cook also featured the game by throwing to first while he was lying prone on his victualing department and retiring the speedy Mr. Blount in the seventh.

The run getting was all crowded into one inning. After Pfeffer had whiffed and Blount had been retired in the third, Justice popped up a little infield fly that was a thousand-to-one shot, but Kihm tripped gracefully into the pitcher's box and the infielders stood back and let him have it principally because he can not hear and there was no way to stop him. The ball hit squarely in his glove and he dropped it.

With this piece of good luck back of him Justice hiked for second and got the only stolen base of the matinee. Young kicked in a double down the left field foul line, and Burke was passed, then Dal Gainer hit for two bases and cleaned up a couple of runs.

Notes of the Game.

Nick Kahl had such bad luck touching runners at second on Tuesday that Raidy covered the bag on the throws yesterday. He got the only two men that went down.

Pfeffer did not hit a man or issue a pass during the game.

Patterson beat a bunt and then went to third when Danny Sheehan tried to throw to first from a sitting position.

Donahue covered some ground and got six chances without a bobble.

"Kohley" Kehoe used his speed to good advantage when he beat out a bounder to second in the closing round.

Gainer is hitting at a terrific gait and has been lucky in placing them with men on.

Burke got just half of the men up in the first and second. He had a bit of luck when he dropped Kahl's drive. Nick slipped in the mud and was easily thrown out.

Justice took no chances in the third and ran out his pop fly. It was a good investment.

Bill Bailey had some easy going. Nobody got a chance to try a steal on him during the battle.

Young's hit dropped in just at the time it was needed to win the game.

Blount tried twice to pull the ball down between first and the pitchers' box and beat it, but fell down on the job both times. The same trick won out for him a couple of times the day before.

Holt did some ground tumbling on the only chance he had. He keeps one uneasy because he always looks like he is just about to topple over.

PHILLIPS READY TO SHAKE UP HIS OUTFIELD

Realizes That He Has Little Speed at the Outposts.

[Special Correspondence.]

Wheeling, W. Va., June 16.—Manager Bill Phillips has at last been brought to a realization of the fact that he lacks speed in the outfield and that it will be necessary to get at least one and possibly two fast men on the outposts before he can expect to pull the Stogie outfit out of the cellar. With this in view he is looking for a couple of speed merchants and failing to get them he will put Sir Rivington Bisland in one of the lots and get another man for second.

Gray can clout the ball for all it's worth but he is a lumber wagon on the bases and can't cover the ground in the outfield and these two failings have kept him out of the majors. Sentz is fast enough, but his hitting is not up to the Central league standard, and Tate is hitting all right, but like Gray, he is too slow.

These things were pointed out to Manager Phillips at the opening of the season, but he thought he had enough fast men to get on the bases and hoped his demon sluggers would send them around often enough to win the games. He thought also that he had the best club Wheeling had ever owned and touted it as the real contender for top honors.

Attendance has been falling off steadily since the club came back from its last trip and a corporal's guard is about all that can be mustered for the week-day battles. This is in a large measure due to the slump that has struck the club.

Woodruff is apparently filling in nicely at third base as there has been no complaint against his work, but there is a general feeling here that the club needs speed and at least one good pitcher. These players are hard to get and the management is up against a tough proposition to fill out at this season of the year.

Johnson Sends His Money Home to Keep Little Off

San Francisco, June 16.—About the best pleased man today of any of the big ones connected with the coming fight was Champion Johnson. The $60,000 he secured last night from the representatives of the moving picture trust for his share of the films of his battle with Jeffries is already on the way to Chicago by express.

"Now Mr. Little can do all the attaching he wants to," said Johnson. "That is, if he wants to spend a lot more coin fr nortoriety. In order to get at any part of that money he will have to serve papers on me in the state of Illinois and he would never dare appear in a court of law back there.

"That was one of the reasons that I disposed of my interests in the moving pictures," continued the black champion. There were many other reasons, though. In the first place, I do not believe the fight is going to last long enough to make a good moving picture show—for the way I feel now makes me additionally confident that I will win inside of ten rounds.

"Then, again, I am not convinced that I have received all that was coming to me out of the other moving picture ventures, not because the managers were dishonest, but because in the big list of men who were out with the films there were some who were careless and incapable.

"With a fair piece of cash money in my jeans I don't have any of that sheenanigan to worry about. Again, I expect to be a very busy man right after July 4, and I don't want to be bothered with all the details of that picture enterprise, especially when I can get a good price for my share beforehand.

"Finally I was prompted more or less by a desire to reassure the public that this fight is going to be absolutely and indisputably on the square, but it is not going to be a 'frame' nor a 'moving picture exhibition.' I thought the best way to prove this was to get rid of my interest in the films."

JOHNSON CANNOT SELL HOME.

Little Secures Attachment Against Negro, Claiming $10,000.

Chicago, Ill., June 16.—George W. Little, former manager of Jack Johnson, the colored prize fighter, yesterday procured an attachment in the municipal court through his attorney, Adolph Marks, preventing the negro from selling his $15,000 home at 3433 Wabash avenue. Little alleges that he posted a $10,000 forfeit for the Jeffries-Johnson fight, and said that the colored champion refused to pay him back.

The attachment will be served on Johnson's sister Lucy, who at the present time is occupying the house in Wabash avenue. The attorney received a telegram from Little saying that Johnson was about to dispose of all of his property so that he would not have to pay the alleged $10,000 debt and asked the attorney to obtain an attachment.

Little alleges that Johnson has refused to return the $10,000 he placed as forfeit for the coming fight between Jeffries and the negro with Senator Timothy D. Sullivan of New York.

IN SPOTLIG WEDNESDAY

Ed Walsh lofted a screaming two-bagger over third in the fourteenth inning of a battle with the Athletics and won a game for the White Sox. This is his second performance of the same kind within a week. This blow put Philadelphia out of first place in the American league race.

Eddie Plank, hertofore a terror to the White Sox, was routed in two-thirds of an inning and only poor work by Zelder kept Walsh from a shut-out.

Russell Ford, the youngest pitcher with the big show, was pitted against Denton True Young, the oldest in the game, at Cleveland and he not only had the Naps completely under control at all times, but hit for three sacks in the third and scored a run.

Jack Rowan fought a stubborn pitchers' battle at Philadelphia and held the Quakers to five hits in a sixteen-inning tie. Bob Bescher and George Paskert each stole a base and Sherwood Magee stole three. Rowan did not allow a hit in the last seven innings of the game.

Boston registered thirteen hits off George Mullin and won the opening game from Detroit.

Dixie Walker had one bad inning in the game between Washington and St. Louis in which four runs were scored against him and the battle was lost to the Browns. Jack Hardy caught part of the game and made one hit.

Mathewson did not allow more than one hit to an inning and New York beat Pittsburg, 5 to 1. Manager Clarke and Captain Doyle were both chased by Umpire Charlie Rigler for disputing decisions. Herzog made a great stab in the Boston Cardinal game when he pulled down a line drive for Bresnahan and ran a man down between the bases.

Pitcher Barger was carried off the field by a crowd at Brooklyn after he had hit for a double in the fourteenth inning and beaten the Cubs 3 to two. He had gotten a double and a single before and in each instance had helped out in the victory.

Altrock held Milwaukee to five hits and shut the Brewers out for the Millers.

Teddy McGraw had twelve fielding chances in one game of a double-header and helped Decatur beat Freeport twice. Middleton pitched both games.

WON BY AMERICAN JOCKEY.

Danney Maher Rides Bayardo to Victory at Ascot.

Ascot, Heath, Eng., June 16.—The gold cup the feature of today's racing here, was captured by Mr. Fairies' Bayardo, ridden by the American jockey "Danney Maher. W. K. Vanderbilt's Seasick II. was second and J. Lowery's Bachelor's Double, third. There were thirteen starters.

The gold cup with a value of 500 sovereigns, with 3,500 sovereigns in specie added, was offered for 3-year-olds and up. The distance is two miles and a half. This race attracted a great crowd.

Besides Mr. Vanderbilt's Seasick II. Maumen's Aveu was brought over from Paris to compete.

The all-aged stakes of five sovereigns each with 300 sovereigns added for 2-year-olds and upwards, distance six furlongs, was won by H. P. Whitney's Newcastle II. Lawrenny was second and Nevinlice, third. Only three horses started.

WACKER IS ONLY ONE OF KIND THAT STAYED

South Bend Has Driven All the Left Handers to Cover.

[Special Correspondence.]

Dayton, O., June 16.—Demon Jimmy Wacker is the only left-handed pitcher who has finished a game against the South Bend club this season and therein is seen a queer reversal of the universal belief in baseball circles that left-handed batters can not hit left-handed pitchers as well as they can the fellows that deliver from the other side.

Bob Wells, Teddy Kroy, Eddie Coffey and Big Buck Connors, four of the regulars on the team, bat from the first-base side of the plate and when Harry Lindsay, alias Pat, works in a game the Benders present five men out of nine who bat left-handed.

Ordinarily the clubs on the circuit could save up their southpaws for this combination and most of them would chuck in one the first day of a series and groom him for the final combat but it's no use as the club looks upon all pitchers pretty much the same way and bats them all freely.

The team has been playing in great luck here and only the best of work on the part of Wacker saved the opening battle when the Bender infield was going badly and little McCarthy had four errors charged up against him. Dayton had a hard time pulling the victory out of the fire.

Yesterday Manager Eddie Wheeler was sent to the bench and Holmes, a catcher, was played at third base most of the game. John Henry Meyers was sent in and Dayton jumped on him for three hits in the opening inning and most managers would have taken him out. Not so with Wheeler. He just trusted to luck and left the veteran in the box and the club came from behind and batted out a victory. Connors starred in the game with a couple of hits and three of the five runs made by the Bronchos.

PIRATE SCOUT TOOK SQUINT AT TOT PLAYER

Pittsburg Wants a First Baseman and is Looking at Somerlott.

Wheeling, W. Va., June 15.—John Somerlott, the Tot first sacker, is being carefully watched by a scout from the world's Champion Pittsburg club, which at present is very much in need of a man to hold down the initial corner. The Pirate ambassador occupied a seat in the stands at Tuesday's game between the Stogies and Tots, and was offered the opportunity of seeing the long first baseman perform in remarkable style. Somerlott scooped up everything in sight and made two sensational stops, which brought applause from the few fans who attended the contest. He did nothing at the bat, however, but Compton had it on all of the Terre Haute batsmen, and his prowess as a sticker could not well be judged from Tuesday's game.

Although the scout was not willing to say much about his mission, still he hinted that Somerlott is the most logical man now playing in the minor leagues to fill the place formerly occupied by Abstein on the Pirate team. He has been watching Somerlott all the season, and from the way the Tot first baseman has been going there is no doubt but what this scout is favorably impressed with the big fellow. He is without any question the classiest man filling this position in the Central league, and followers of the game in Wheeling have predicted since the opening of the season that he will not be with the Cannibals another year.

Manager Groeschow said that he has already received offers for the services of Somerlott as well as a couple of other men on the club, but that no sale would be considered unless the purchasing club is willing to wait until the close of the season for the men to join the team. He said that under no consideration would Somerlott be allowed to go at this time.

Sporting News in Tablets

Evansville Courier: Since Jack Flournoy, the ex-Eva outfielder, has been a regular in the Colonel's garden, the Louisville team has not lost a game. He is putting up a great game both at bat and in the field. Flournoy may have been playing for his release while with the Evansville club or he may have been out of condition. Is this another lesson for the knockers of Evansville?

Fred Clarke announced that he will dispose of First Baseman Jack Flynn and reorganize the Pittsburg team to quiet the dissension that exists in the ranks.

Zanesville papers charge part of their losses to the bad work of Umpire Mike Jacobs. So far this season Michael has not been inflicted on the Fort Wayne public.

A Milwaukee attorney tied up $3,000 of Ad Wolgast's money because he refused to settle a bill of $20 for the use of a gymnasium.

There were only 155 people at the Wheeling game against Terre Haute Tuesday.

Big Bill Durham, the slugger who was with the Wheelings a short time a year or so ago, is said to be about due to go to the Pirates next fall. He is burning up the O.-P. league with his slugging and his long raps are bringing the slugger almost as much as he would earn in the big leagues.

Pitcher Veasey, of Zanesville, claims he must have a hunk of strawberry shortcake before pitching a game if he is to win.

Some Central league dopester has figured out that Cincinnati is after Carl Manda. This is a good line of stuff. If the scribe had read some of the stories published in the spring he would have known all along that Manda belongs to Cincinnati and is in the Central league on an option agreement.

South Bend will go home to a big boosters' day when it opens the next series at Springbrook park.

Fans at Zanesville are demanding that the owners buy more players and strengthen up the club to Central league calibre.

Brown Don't Believe It

"Hit the ball squarely and line it to some uncovered portion of the field," was Frank Selee's advice to young batters. Selee was a great manager and a great teacher of the game when he was with the Cubs, and his memory will ever remain green with those fortunate players who ever came under his direction. His advice was most difficult to follow however. It is impossible to hit the ball where you want to, even more impossible to wallop it when you want to.

"I, for example," says Mordecai Brown, star pitcher of the Chicago Cubs, "am always delighted when I hit the ball at all. Believe me, it's hard enough to smash the ball anywhere without trying to place it. I don't care who tells you, I can't believe that a batter knows just where to hit it and where he's going to place it. In the first place, a man may say to himself, I'll just lambaste that ball on the end of the bat, and stick it through first and second. What is he liable to do? Either miss the ball entirely or pop up a tiny foul to the catcher.

"You might as well tell a batter to plug the ball with the end of his bat as inform him to pick out a certain place. There was never a batter who knew where on the bat he was going to hit the ball. Of that fact I am absolutely certain. Willie Keeler was one of the few batters who was pretty sure of hitting the ball somewhere when he tried, but you notice he didn't swing at the ball. He poked his bat at it, following the course of the ball as well as he was able.

"Sometimes with a man on first base a shortstop will dash over toward second the moment the ball is pitched and the batter will line the ball through his vacant position. Immediately some of the fans will exclaim: 'Gee, that was swell placing of the ball. They really imagine that the batter picked out the spot instantaneously. The truth of the matter is that the fielder rather started toward second to bluff the runner from stealing or the batter got away with a blind hit and run play. It was only a chance, the fact that the ball went through the unprotected spot.

"Mitchell of the Reds, one of the best batters in our league, didn't know where he was going to slug the ball. He is just as pleased when he bunts safely towards third base as when he knocks a panel off a fence. He is just as liable to do one as the other, for he doesn't place the ball and he doesn't know where it is going. It is enough for him to hit safely.

"Another grand batter, Speaker of the Boston Red Sox, slams at the ball with intent to kill it. His success, I am told, is due to the way he stands up at the plate. That's one of the greatest secrets of batting. A batter who stands close and does not draw back, but one who goes straight into the ball is more liable to hit it out. He is more likely to get it out of the infield, too. A man who draws back even a trifle is more liable to rap a tame grounder at the infield. Wagner, Cobb, Evers, Speaker and Mitchell slam right into the ball, and their success is greater than the ordinary run of batters.

"Don't let anybody tell you he can hit the ball where he tries to, for he can't unless he is a phenom I've never heard of."

Dr. Hardman, Specialist

I CURE PELVIC, NERVOUS AND CHRONIC DISEASES.

No man can afford to undertake his daily labor without being well equipped, mentally and physically. It is a fact that the man who is afflicted with any disease is working under a disadvantage in proportion to the extent of the trouble. Many a man has been forced to abandon a successful career because disease had lessened his ability to successfully compete with those who were strong and therefore able to forge to the front. Do you know how much you are losing every day of your life because of your inability to do the work of a strong, healthy man? Do you feel as though you can afford to continue as you are when you can be cured? Perhaps you have tried to get well. Have you ever gone to a specialist, one who has made a life-long study of diseases such as yours? Perhaps you have gone to your family physician and because he could not cure you you have abandoned hope. Did you ever stop to consider that your family physician has several hundred different diseases to treat? Can you blame him for not thoroughly understanding all of them? Of course you cannot. Then why not go to one who devotes all his energies to the study of just a few, and who can the more thoroughly understand them?

I have made a special study of Pelvic, Nervous and Chronic diseases and have developed methods which will cure where the ordinary methods have failed.

If you will call at my office I will give you a careful and thorough examination, and if your case is curable I will make you a fee as low as possible and consistent with honest, scientific treatment.

If I think your case is curable I will tell you so, as I have no time to waste, and no desire to accept money for treating incurable diseases.

BLOOD POISON—I use only the most advanced methods in the treatment of blood poison and kindred diseases.

PROSTATIC ENLARGEMENT—This may result from a number of causes. The constant jarring and vibration of trains and trolley cars are a very potent cause. Bicycle riding and the use of riding implements on the farm are factors in producing the disease. In fact, the causes are so many and varied that fully 75 per cent of all male adults are afflicted to a greater or lesser extent by this disease. The disease is so little understood, and as one of the principal symptoms is a pain in the back, it is usually called kidney trouble and treated with local applications or sedatives which can do no possible good whatever. I reduce the enlargement and have been able to cure about 90 per cent of all cases.

VARICOCELE—I cure Varicocele in a few days' or weeks' time without the use of the knife.

STRICTURE — I readily remove Stricture by my dissolvent method without the use of instruments.

RUPTURE, PILES, FISTULA, ETC., cured without detention from business and without the use of the knife.

TINY TAD CARRIED UP BY RUNAWAY DIRIGIBLE

Little Boy Has Thrilling and Safe Voyage at Chillicothe, O.

Chillicothe, Ohio, June 16.—A dirigible balloon belonging to Cromwell Dixon, of Columbus, Ohio, broke from its moorings and soared half a mile above this city yesterday, carrying with it Freddy Meyers, 10 years old, while thousands of horrified spectators looked on helpless to aid him.

The balloon drifted five miles to the westward, when the hydrogen gas became exhausted and it came slowly toward the earth. The boy had crawled out to the extreme end of the framework opposite to that on which the engine is situated and when within ten feet of the ground dropped safely. The balloon arose when relieved of the weight and soared to a great height and disappeared.

One of the guy ropes holding the balloon broke while the lad was on the rigging. The wind was high and in swinging around the balloon broke the other ropes and the balloon ascended before the boy could jump.

Automobiles started in pursuit of the wild air craft, found the lad walking toward the city. They picked him up and rushed him to his mother, who was almost frantic after hearing of the news that the boy had been carried away. The boy said his first impulse was to jump, but by the time he had made up his mind the earth looked so far away that he dared not.

Richmond, Ind., June 16.—When the county commissioners yesterday held effective the remonstrances against saloons in Jackson township they took action that will eventually make all of Wayne county "dry" with the exception of Richmond. Cambridge City and East Germantown are in Jackson township, and after next April, when the last license expires, the township will be "dry" for the first time in its history. The liquor men made no fight against the remonstrance.

DEMOCRATS POSTPONE MEET.

Decide Not to Hold Thirteenth District Convention.

South Bend, Ind., June 16.—Because congress refuses to adjourn the Thirteenth district democratic congressional convention, to have been held in South Bend next Wednesday, has been indefinitely postponed for the third time. The convention will not be held until Representative Henry A. Barnhart can attend.

Arrangements for the convention were made at a meeting of the county chairmen a month ago and was called for Wednesday, June 22. This week, when it developed that adjournment of congress could not possibly come before Saturday, June 25, arrangements for the convention were called off. If adjournment is made June 25 the meeting here may be held the week following.

The convention will be little more than a matter of form. Mr. Barnhart will be renominated. Democrats are anxious to have Senator Benjamin F. Shively attend.

Only With the PIANOLA Can You Duplicate the Playing of a Skilled Pianist

No one would willingly buy an indifferent painting when for practically the same price a real masterpiece could be secured. Neither would anyone, if **he knew it,** buy a Piano-player, incapable of artistic playing, when he could just as well own one that enabled him to play like a trained musician.

With the PIANOLA the very finest effects of skillful hand-playing can be reproduced.

The human quality of the Pianola is one of the secrets of its immense success and the reason why Paderewski, Rosenthal, Hofmann, Moszkowski, etc., prefer it to any other Piano-Player.

The PIANOLA owes its superior effectiveness as a piano-playing device first—

To the better principle employed for sounding notes, and the more scientific development of this principle and second—

To the exclusive possession by the PIANOLA of numerous patented features for guidance and control.

THE THEMODIST device used on the PIANOLA is an example of the essential character of these features, and is itself sufficient reason why the musical world approves the PIANOLA above other instruments of its type.

The **THEMODIST** enables the performer to single out and give proper emphasis to the melody notes or main theme of a composition. At the same time, an additional patented device makes it possible to increase and decrease the volume of the accompaniment.

Everyone familiar with music will recognize how necessary this solo effect made possible by the Themodist, is to artistic playing.

Nevertheless it should be clearly understood that while the word **"THEMODIST"** has been imitated, the device itself is to be found on the **PIANOLA** and on the pianola alone.

The genuine PIANOLA and PIANOLA PIANO can be obtained in Fort Wayne only at Aeolian warerooms. All other instruments of this nature lack not only the THEMODIST, but also the METROSTYLE, by which alone, directions for artistic playing can be conveyed.

IS HARD-LUCK CHAMPION.

Full-Grown Hoodoo Encamped on Ben Woodworth's Trail.

Without any desire whatever to establish a record, Ben Woodworth, the popular young druggist, has during the past few weeks been pushing all claimants for the hard-luck championship of the city, and he is beginning to suspect that a full-grown hoodoo is encamped on his trail.

His drugstore has been robbed. A few weeks ago he yielded to the pleadings of a stranger and in order to do the man a favor ran afoul of the "blind tiger" statutes. Early this week his automobile was stolen and driven into Ohio, where it was recovered in a battered condition after much trouble and expense. The crowning misfortune, however, occurred this week at Mr. Woodworth's home, when a lot of Mr. Woodworth's dress shirts, collars and cuffs and other fine linen was handed out to some man who was presumed to be a laundry agent. Instead, he proved to be merely a hobo who took the package without a word and disappear. Now Mr. Woodworth is tempted to use the middle of the streets instead of the sidewalks, lest the buildings tumble over upon him as he passes.

We have just received an extra large shipment of barber, butcher and bar coats and vests of all styles and prices.

Dr. John S. Irvin was yesterday appointed superintendent of the Fort Wayne public schools for the ensuing year. Miss Mary Irvin was reappointed clerk and librarian of the city schools for the coming year.

The secretary of the treasury yesterday appointed William S. Kiser, of Indiana, to be chief of division in the third auditor's office, to fill the vacancy caused by a removal. Mr. Kiser is from Albion and gets a salary of $2,000.

This afternoon forty-three enraged women waited on Mayor Muhler. The cause of their anger was the presence of Poundmaster Woehnker in the east end. The women all own cows, and insist on pasturing them on the fertile fields that abound in the Eighth ward. Mr. Woehnker objects and locks the cows up. This outrage the ladies will not stand, and so informed the mayor, who stood in their midst while perspiration fell from his forehead in bead-like drops. The poundmaster took a stroll in the eastern portion of the city last evening and created as much commotion as a circus parade.

WILL CHANGE TIME OF CARS.

Single Track Service on Calhoun Street Beginning Tomorrow.

Paving work on Calhoun street will necessitate a single track street car service between Berry and Baker streets, beginning tomorrow morning, and the transition will bring about a change in the schedule of the cars. For the present the East Creighton-Huffman, the Lakeside-Pontiac and the Broadway-South Wayne cars will leave the transfer corner north and south "on the naughts"—that is, at the even hour and 10, 20, 30, 40 and 50 minutes thereafter.

Track forces will install the "cross-over" at Berry and Calhoun streets after the cars have stopped running tonight, and the new schedule will go into effect with the first car tomorrow. This schedule is the only one under which the cars can successfully trail each other over the stretch of single track in the down-town district.

SAYS HE WAS ROBBED.

Zaugg Draws Money and Gets Out On a Spree.

Alfred Zaugg, of Bluffton, reported to the police last night that he had been robbed of $115 while he was asleep in a boarding house and William Kohler, a half brother, said he lost $18 at the same time. The police did not take much stock in their story and no arrests were made.

Zaugg came here from Bluffton yesterday with about $300 and drew $1,328 he had on deposit in a local bank. Then he and Kohler went out on a spree and when Detective Sergeant Rundell searched Zaugg at police headquarters last night he had about $1,500 wadded up in his pocket. The police think he lost his money.

THE MARKETS

GRAIN AND PROVISIONS.

Chicago Market.

Chicago, Ill., June 16.—With the warm wave extending and no rainfall of consequence this side of the Rockies, wheat speculators today perspired over the outlook in the spring wheat district. The bullish feeling generated was increased by higher prices at Liverpool. Favorable harvesting conditions in the winter crop belt did not seem to make much impression on traders. Increased flour production, however, attracted attention and so did reports that a good many millers believed wheat values had about touched bottom. The market opened unchanged to ⅜c higher with September covering the extreme range at 90c to 90⅜c. Gradually there was a further advance to 90⅛@90⅜c.

Purchases of corn by local speculators who turned buyers yesterday continued today, but on a limited scale. Dry weather was a factor. September started unchanged to ⅛c off at 58⅛@58⅜c and then rose to 58⅝c.

Cash houses were buying oats, especially the July option. Other deliveries shared in the resulting advance. The market as represented by September opened ⅛@¼c to ⅜c up at 35¾@35⅞c, and touched 35⅞@36c.

Pit traders in provisions were bearish, and outside business was small. The opening was irregular, 10c lower to 2½c higher. Most of the losses were later overcome. First prices for September product were $22.10 for pork; $12.35 to $12.40 for lard, and $12.52½ for ribs.

STOCKS AND BONDS.

The Day on Wall Street.

New York, June 16.—The opening stock market today was slightly irregular with most stocks lower than last night and the tendency was downward after the opening. Atlantic Coast Line and American Smelting declined 1 point and Amalgamated Copper ⅝. Chicago & Alton rose 1¼ and Westinghouse Electric 1.

Fluctuations were uncertain and the range was confined to fractions with very little stock changing hands. St. Paul, United States Steel and the copper stocks rallied, while Union Pacific, Reading and western trunk lines fell off. Lackawanna yielded 10 points and Kansas City Southern and Chicago Great Western preferred 3.

The neglected state of the market was unrelieved and habitual operators apparently resigned themselves to a period of idleness pending some developments. Stocks continued in scanty supply and prices hardened in response to very light demand. Union Pacific got 1 point over last night and St. Paul 1⅝. International Pump declined 1⅝. Bonds were steady.

The trading became progressively duller and there were some recessions from the high prices made just after midday. Atchison, Chesapeake & Ohio and Consolidated Gas gained a point while Canadian Pacific lost as much.

Realizing in Amalgamated Copper forced it back to yesterday's closing but its reaction was without any effect on other important stocks, the market generally being lifeless.

The market closed firm. The state of the stock market underwent no change in the latter part of the day. A slight downward swing was arrested, but the recovery was trivial. Manhattan met a decline of 6. United States Steel and Amalgamated Copper were lifted a point.

SCARED INTO SOUND HEALTH.

Mr. B. F. Kelley, Springfield, Ill. writes: "A year ago I began to be troubled with my kidneys and bladder which grew worse until I became alarmed at my condition. I suffered also with dull heavy headaches and the action of my bladder was annoying and painful. I read of Foley Kidney Pills and after taking them a few weeks the headaches left me, the action of my bladder was again normal, and I was free of all distress." Dreier Bros.

THE CONSERVATION OF NATURE'S RESOURCES.

Applies as well to our physical state as to material things. C. J. Budlong, Washington, R. I. realized his condition, and took warning before it was too late. He says: "I suffered severely from kidney trouble, the disease being hereditary in our family. I have taken four bottles of Foley's Kidney Remedy, and now consider myself thoroughly cured. This should be a warning to all not to neglect taking Foley's Kidney Remedy until it is too late." Dreier & Bro.
